

## TRADE MATTERS GENERALLY.

## General Depression in the Eastern and Foreign Sugar Markets.

## BEET SUGAR CAUSES LOW PRICES.

## Germany and Other European Countries Will Make a Determined Struggle for More Trade—A Chance for an Advance in Sales of Cuban Sugars.

SAN FRANCISCO, Jan. 18.—Sugar.—Prices of refined in this market continued unchanged until the 14th inst., when the Western Sugar Refining Company reduced the list 1c. per pound for the local market, making prices as follows: Cube, crushed and powdered, 5 3/8c; dry granulated, 4 1/2c; confectioners' A, 4 1/2c; magnolia A, 4 1/2c; extra C, 4 1/2c; golden C, 3 1/2c; D sugar, 3 1/2c. Prices for export, however, continue unchanged on the basis of 4 1/2c. for granulated. The refinery has not yet started up and will not until sufficient raw material arrives from the Islands. They have still a large stock of refined on hand.

Basis.—Declined December 22d to 27-8c. net; (spot sales of 300 bags at 3 1/2c.); 29th, declined to 2 1/2c. net (spot sales of 2500 bags at 3c.). Since then there has been no change, but the following sales have been reported in New York at 3c.: January 2d, to arrive, 1500 bags; 3d, spot, 4000 bags; 4th, to arrive, 350 tons; 7th, to arrive, 700 tons; 8th, spot, 450 bags; 14th, spot, 1300 bags; 16th, spot, 1000 bags.

Eastern and Foreign Markets.—The general depression in sugar has continued during the month and the condition of the markets of the world remain about the same as advised the past few months.

Prices in this country have still further declined, while the market for European beets has fluctuated between 8 1/2 and 9 1/2, price for 98 cent f. o. b. Hamburg. At the close there seems to be a little stronger feeling in New York regarding the future, and also an improvement in London. It is not expected that prices can advance much, but there is a healthier tone and holders look for a larger demand and more business. There has been no Eastern mail for two days, and its arrival is indefinite, owing to blockades on the railroads.

Our latest mail advices from New York, of the 11th inst., state that, owing to an apparent firmness in the European market, the situation in New York has strengthened somewhat. Importers feel that their calculations upon an increasing demand for raws are justified by recent developments, the more so that buyers have shown a desire to keep their purchases secret, and there is strong hope, if values do not improve, they have certainly nearly touched bottom for the present. The course of raws for the next month or so depends mainly upon the demand for refined and on the price of beet. Should the expected and natural call at this season come from distributors of refined, and beet remain steady, there is reason to look for some slight improvement in prices, as stocks in this country and Cuba are but slightly in excess, if at all larger, than the same time last year.

The chief cause of cheaper sugar throughout the world for the past ten years is owing to the European beet sugar countries. They have succeeded in making cane countries sell their productions very low, but thus far have obtained little increased trade with the United States. It is now evident, however, that Europe is going to make a determined struggle for more of this trade. It is necessary for Germany and other countries to keep up the agricultural industry and to do this, strong efforts are being made to increase the export bounty.

London cable January 11th quotes Java No. 15 D. S. 11s., fair refining 9s. First marks German granulated 10s. 4 1/2d. f. o. b. Hamburg, equal to \$3.52 net cash delivered New York duty paid.

The manufacture of granulated is still on the increase on the continent, and much of the crop which formerly came to the United Kingdom in the form of raw sugar now comes in the refined condition. First marks granulated have become an attractive medium for speculation, and at the above quotation f. o. b. Hamburg, they are relatively cheaper than first product of raw beets.

According to Willett & Gray's latest statistical of January 10th, total stock of sugar in four ports of the United States was 156,772 tons against 96,968 tons last year. Six principal ports of Cuba 22,000 tons against 35,000 tons last year. Total stock in all the principal countries 1,759,372 tons against 1,502,426 tons same time last year.

Affairs to the United States from all countries estimated at 50,000 tons against 60,000 tons last year. These include 1000 tons beet sugars from Hamburg and Bremen.

The total foreign sugar supply of the United States during the year 1894 was 1,804,866 tons composed as follows: Cuba 1,005,761, Porto Rico 31,402, Demerara 45,957, British West Indies 123,557, other West Indies 45,337, Brazil 87,646, East Indies 135,894, Europe 184,320, Sandwich Islands 180,946, and other countries 15,137.

The entire stock of sugar in this country at the beginning of 1895 was 328,469 tons, and this quantity, together with what can confidently be expected to receive during the year, will be 1,973,000 tons, or nearly sufficient for the entire consumption of the year. The sugars in this estimate naturally find their way to the United States, and if they are crowded out by the surplus beet crops of Europe, now estimated at 1,000,000 tons, it will be on account of competition of low prices during the entire campaign.

Our latest telegram from New York of today quotes: Cuba centrifugals, 98 test, ex ship, wharf or store, 3c. per lb.; granulated, 3.81 net; raws steady;

London beet, 88 test, January, 8s. 9d. f. o. b. London market steady, and looks like an advance within a few days. German granulated, 3 1/2c. per lb. c. f. l. to Atlantic U. S. ports. Estimates of the European beet crop and cane crops unchanged; harvesting of Cuba crop is delayed. Trust certificates—common 90 1/2, preferred 91 1/2.

It is reported that our Government has levied an extra duty of 1-10c. per lb. on all sugars imported from Spanish colonies or territory. We are not informed when this takes effect, but, if confirmed, ought to advance the basis to that extent on sales of Cuba sugars in New York. As most of the sugars refined in Hongkong are originally imported from Manila, it is also expected that this extra duty will be assessed on all importations of Hongkong refined. Should this interpretation of the law be decided, correct, importers state that they will not be able to compete with our refineries and will be obliged to stop importations.

Rice.—Hawaiian: Stock is very light and in the hands of one importer. Price 4 1/2c. net cash, and will not probably go higher at present, as holders believe that a further advance would but invite further importation from Japan.

Japan: Receipts, 2250 bags. Spot value, 3 1/2c. net, duty paid, but offerings are made to arrive, \$3.55, duty paid.

Rangoon: A full cargo has been recently imported, but is not offered as yet. It will probably bring about 3 1/2c. Mexican: Receipts, 2000 bags, all sold at 3 1/2c., duty paid.

Kona Coffee.—We quote price, according to quality, from 18c. to 20c., with sales of 100 bags at the latter figure.

Flour.—Golden Gate, Ex. Family, \$3.40; El Dorado, \$2.40 per bbl., f. o. b.; Crown, \$3.35 per bbl., f. o. b.

Barley.—No. 1 Feed, 8 1/2c. per cwt., f. o. b.; ground or rolled, \$18 per ton, f. o. b.

Middlings.—Ordinary, \$18; choice, \$17 per ton, f. o. b.

Oats.—Fair, \$1.05; choice, \$1.15; @ \$1.25 per cwt., f. o. b.

Wheat.—\$5c. @ 8 1/2c.; milling, 95c. @ 97c., per cwt., f. o. b.

Hay.—Wheat, compressed, \$12; oat, compressed, none. Large bales, wheat, \$13; oat, \$12.

Lime.—\$1 per bbl., f. o. b.

Charts.—Only a moderate business since our December 21st, at unchanged rates, but at this writing shippers consider themselves well supplied with tonnage and we doubt if 27s. 6d., future orders, net, can be obtained unless for a small carrier. Offerings of wheat continue limited and as a consequence the price is still above shipping parity. Last transaction, iron, a large carrier, 25s. 6d., future order, net. Last wooden, 23s. 9d.

Liverpool, with merchandise clause. Rain has continued throughout the State and in such quantities that floods are feared.

Lumber freights firm and tonnage scarce. We quote Valparaiso, future order, 42s. 6d.; Sydney, 32s. 6d. to 35s.; Melbourne, Adelaide or Port Pirie, 42s. 6d.

Exchange.—London, 60 days sight, \$4.85 @ \$4.88; Sight, \$4.89. New York, Regular, 15c.; Telegraphic, 17 1/2c.

Mrs. Isa Griggs.

The restoring and invigorating properties of Hood's Sarsaparilla, combined with its power to vitalize and enrich the blood, render it peculiarly adapted for all troubles peculiar to women, that tired feeling, or debility, caused by change of season, climate or life. Many weak women have found in Hood's Sarsaparilla just the blood purifying and vitalizing properties so much needed at the critical time of life. It invigorates the system and all the organs to healthy action and endows the body with renewed vigor and perfect health. Such was the experience of Mrs. Isa Griggs, whose letter follows:

"Ennis, Texas, Sept. 22, 1894.  
"C. I. Hood & Co., Lowell, Mass.:  
"Dear Sirs: I feel it is courtesy due to you to state what Hood's Sarsaparilla has done for me. About fifteen years ago, I

overcome and the use of morphine discontinued, but it was not so decreed. I broke out with boils from the punctures and some of the places had proud flesh in them for a month or so. Last winter I commenced to have those risings again. I was taking eight punctures a day, a total of one and one-half grains of morphine. Last June I

Began to Take Hood's Sarsaparilla. I have taken over seven bottles of the medicine and also several boxes of Hood's Pills. When I commenced taking Hood's Sarsaparilla I weighed only 112 pounds. Now I weigh over 125 pounds and am in better health than for the past fifteen years. I am now approaching 60 years of age. Formerly I was covered with eruptions; now my skin is clear of them. I can truly say Hood's Sarsaparilla has no equal for poor run-down women. I am well known here in

How Well I Am Looking. I had a severe attack of the grip last winter. I continued to take Hood's Sarsaparilla, and with benefit. Whenever I find my health giving way I shall resort to Hood's Sarsaparilla." MRS. ISA GRIGGS.

Hood's Pills cure nausea, sick headache, indigestion, biliousness. Sold by all druggists.

There are a great many homes having zinc-lined bath tubs that are in good condition with this one exception: they lack the features of a porcelain lining. How to overcome this without going to the expense of getting a new tub, has been a question that has worried a great many.

One pot of our WHITE ENAMEL PAINT will do the work, forming as it does a GLOSSY SURFACE, almost equal in hardness and durability to that of porcelain itself, being at the same time hardly distinguishable from porcelain.

Consult your physician and he will tell you by all means to paint your bath tub with Enamel Paint.

The KEYSTONE EGG BEATERS are little gems. Try one if you want your eggs quickly and thoroughly beaten.

We also call your special attention to our economical BARREL and CYLINDER CHURNS, they are easy workers, have all sizes and prices.

We have a handy CLOTHES DRIER, having ten arms made to fasten on the wall, when not in use by a simple pull these arms fold up like a fan, thus taking up but little room.

Remember we sell Standard Oil Co.'s PEARL OIL at \$1.80 per case, C. O. D., delivered to any part of the city free.
